flexible powerful workforce management

FLEXpoint is a new powerful workforce management terminal that offers unmatched application flexibility and user interaction.

FLEXpoint delivers rich graphics and video on a 10.1" widescreen touch display. Speakers, a camera, a fast processor, and expandable memory will allow users to interact with detailed content. Developers are now able to deploy their WFM terminal and software in more powerful and efficient ways.

Work and vacation schedules are easy to navigate on the large display. Users have a new level of interaction with employee self-service applications through the touch screen. Custom programs, training videos, video chats, web browsers, and other custom content have a new, more effective platform now. FLEXpoint offers exciting programming and content delivery opportunities.

**FEATURES INCLUDE:**

- 10.1" Widescreen Touch Display
- Speakers
- Microphone
- Camera
- High Performance Processor
- A Variety of Card and Biometric Readers, slots on both sides of display
- Mass Storage Memory Expansion Slot
- OS Flexibility: Supports Linux, Android, Embedded Windows
- Programming Languages Include: Java, Python, ATS Legacy Universal Command Set
- Designed for Fast Delivery of Web Services
